

The [SR-PD funding database](#) addresses multiple needs leading to application submissions, and the system is continuously evolving in response to user feedback and in anticipation of needs (for example creating new ARRA category in Selected Deadlines section, adding search criteria in database, other).

## RU Process for Announcing Funding Opportunities

\*In addition, the funding opportunities are posted on the SR-PD calendar, and special announcements are listed on the SR-PD front page under the Selected Deadlines section.

\*\*Targeted followups and reminders for special funding programs are sent to RU investigators.

## Funding Opportunities

Our in-house developed funding database is driven by the Rockefeller University's mission and research needs, and provides a seamless, one-stop-shop for funding opportunities. Designed to offer an easy and user-friendly access to research funding, the database integrates SR-PD information with announcements distributed by the Dean's Office, Development Office, Research Support, and Technology Transfer ([overview presentation](#)).

The database features search capabilities by eligibility, research area, date, sponsor and award type, and more. Main components of the database include the search engine, a calendar-database interface, and archived results. Direct searches of the web-based database would yield more customized results. In addition, weekly announcements generated by the database are emailed to the Rockefeller research community and provide a quick synopsis of the latest funding opportunities.

For opportunities not listed in our database, visit [Community of Science \(COS\)](#) and other [Grant Seeking Resources](#) on our site. SR-PD will continue to work with you and IT on optimizing and refining the format and content of this new tool in order to support your work.

For continuing updates on the 2009 Federal Stimulus Funding visit our [ARRA page](#).

Please contact your [Grants Management Specialist](#) if you are interested in applying to any of these opportunities. Kindly submit complete applications to SR-PD at least 5 business days before the sponsor's deadline. SR-PD is committed to processing your applications within 3 business days from time of receipt. See [Application Review Requirements](#).

Weekly listing of Funding Opportunities are distributed on Mondays, except when University observed holidays occur on Mondays, in which case it will be distributed on Tuesday instead.

We welcome your comments and rely on your feedback to improve our services.

The Rockefeller University's **Sponsored Research and Program Development (SR-PD)** facilitates and streamlines the grant/contract seeking efforts in compliance with University, government and sponsor policies and regulations. The SR-PD Director reports to the University Vice President for Academic Affairs.

Partnering with others on campus, we support an integrated research enterprise and assist investigators to navigate through the application and grant management process, before and after an award is made. [More...](#)
