

Master's Advisory and Review Committee (MARC) 30 Month Meeting

Please complete this MARC report form and return it to Anna Carrasco acarrasco@rockefeller.edu.

Master's Advisory and Review Committee (MARC) Meeting Structure:

- The committee meets **in the absence of the Scholar** to discuss any problems found within the Scholar's annual report.
- The Scholar updates the MARC Committee on his or her progress.
- The MARC directs questions to the Scholar. **The mentor should not contribute questions or feedback** unless the chair requests it.
- The entire MARC discusses the Scholar's progress **in the absence of the Scholar**.
- The Scholar returns so the committee can report findings and make recommendations.
- The meeting concludes with a discussion between the Scholar, chair and members **in the absence of the mentor**.

Scholar's Name:

Year: 3rd Year

Lab:

Date of MARC meeting:

Signature of all Committee members

Chair:

Faculty Mentor:

Faculty Member:

1. Is the Scholar able to complete most research work soon? Are there significant technical or other problems that might interfere with the Scholar's prospects of completing the experimental work and written preparation of the research?

2. Is there an estimated date for completion of the research, and is this estimate agreed to by all of the committee, the Scholar and the mentor?

3. Has the Scholar published any papers, and/or is the work in progress likely to lead to reasonable publications in the coming year (esp. first-author publications)? If yes, please list below or attached list.

4. Is the current mentoring plan meeting the needs of the Scholar?" If the mentoring plan has been changed, please describe.

5. Please provide a brief description of the Scholar's project.

6. Has the Scholar submitted a K award or similar proposal? If yes, please include proposal with MARC form. If no, does the Scholar plan to submit a K award or similar proposal?

7. What are the Scholar's next steps after graduation?

8. Is the Scholar expected to graduate on time?

9. Recommendation(s) of the committee.

10. Additional comments:
