

SCIENCE FOR THE BENEFIT OF HUMANITY

- ☐ If you are a Howard Hughes Institute Investigator, please check this box.

COPYRIGHT DISCLOSURE FORM

The Rockefeller University Copyright Disclosure Form is used to provide initial background information that allows the Office of Technology Transfer (“OTT”) to formally enter this work into our evaluation process. We understand that not all the information requested may be immediately or readily available. Please complete where possible, then sign and return a pdf copy via email to techtransfer@rockefeller.edu, and the hardcopy to Box 138, the Office of Technology Transfer, via intracampus mail.

1) TITLE OF WORK:

2) AUTHOR(S) CONTACT INFORMATION:

Please list the names and academic (or other) affiliation of all persons who authored the work. An author is any person who is a creator of the work (for example, a person who wrote code).

Name	Affiliation	Email address

3) GRANT FUNDING

Please list all sponsor organizations, whether government, foundation, company or otherwise, and include the applicable contract or grant numbers involved in funding this work. Should you disclose a foundation as a funding source, you may be contacted for more specifics if there are intellectual property related obligations associated with such funding.

FUNDING AGENCY OR SPONSOR	CONTRACT OR GRANT NUMBER

- ☐ IF THERE WAS NO GOVERNMENT FUNDING, PLEASE AFFIRM BY CHECKING THIS BOX,

4) RESOURCES, DATA, OR CODE USED

Please list any resources used in the creation of the work, external to Rockefeller or internal resources. Examples of external resources include any equipment, supercomputers, or computational facilities

The Rockefeller University Office of Technology Transfer
1230 York Avenue, Box 138
New York, NY 10065-6399
www.rockefeller.edu/techtransfer
(212) 327-7116

used. Examples of internal resources include the use of data, software, computational devices that are part of a Rockefeller Resource Center or a different laboratory at Rockefeller. Please include any third-party software components used such as code or software modules from GitHub or any other code repository. If possible, include a link to any such third-party software modules or code.

5) **DESCRIPTION OF THE WORK**

Please attach a description of your technology, such as a brief written summary, manuscript, slide deck or the like. Please include any manuals, specifications or screen captures of any user interfaces that would be helpful for the Office of Technology Transfer to fully understand and assess the work.

6) **PUBLICATION AND RELEASE**

Please provide an approximate timeline of your plans to publicly present or release this work. In addition to manuscript publication, this also includes any public posting of code on GitHub or another public repository. If the work has been posted on a repository such as GitHub, please include a link to the posting and any open-source license associated with the posting (ex. GPL, MIT, Apache).

I have answered these questions as fully as possible at this time.

Signature of Submitting Author:

_____ Date: _____
Print name:

The foregoing copyright disclosure has been brought to my attention as the head of the laboratory at The Rockefeller University where such work was wholly or partially created.
