

Enhancing Scientific Rigor, Reproducibility, and Reporting

CCTS R³ Series 2021 – 2022

Thursdays, 2:00 PM – 3:00 PM

Date	Title	Speaker
September 23, 2021	<i>Just Tell Me Three Mice Are Enough – Research Reproducibility in Translational Science</i>	Roger Vaughan, MS, DrPH Director of Biostatistics Meeting Recording: Access Passcode: D%ZS9w^8
October 21, 2021	<i>Elements of Statistical Power Analysis</i>	Caroline Jiang, MS Senior Biostatistician Meeting Recording Access Passcode: 6eUM&kUj
November 18, 2021	<i>Essentials of Data Management</i>	Matt Covey, PhD University Librarian Meeting Recording: Access Passcode: xwg9^h==
December 16, 2021	<i>Electronic Lab Notebooks: From Paper to Screen, Keeping Track of Your Research</i>	Matt Covey, PhD University Librarian Meeting Recording: Access Passcode: P^?d8z#k
January 20, 2022	<i>Principles of Good Data-Sharing</i>	Rie Goto, MSLIS Assistant University Librarian Meeting Recording: Access Passcode: .i=T!!3h
February 17, 2022	<i>Getting Your Drug or Biologic Ready for Clinical Trials</i>	Robert MacArthur, PharmD, MS Director of Pharmacy Services Meeting Recording: Access Passcode: Gbv.Q9^9
March 17, 2022	<i>Overview on RNA-seq Analysis: Design, Quality Control and Report</i>	Manoj Kandpal, PhD Director of Research Bioinformatics Meeting Recording: Access Passcode: uPt\$e5a&
April 14, 2022	<i>Introduction to Reproducible research: Version Control with Git (Gitlab)</i>	Hong Hur, BS Computer Science Scientific Programmer Meeting Recording: Access Passcode: y5F1j8Z@
May 19, 2022	<i>Systematic Literature Searching: A Guide to More Comprehensive, Reproducible, and Effective Literature Searches</i>	Rie Goto, MSLIS Assistant University Librarian Meeting Recording: Access Passcode: &6ELE9QS
