

Research Participant Perception Survey
Rockefeller University
Survey Results 2025

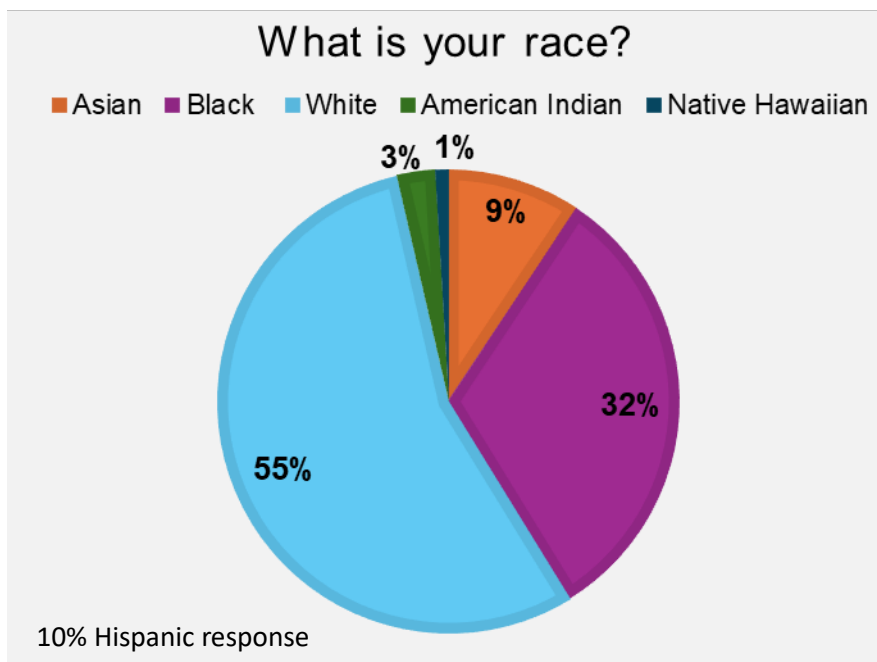

Participant Feedback on Research Experience at Rockefeller University

Who received a survey?

Everyone! Participants who are 18 or older, and recently signed informed consent, or completed participation received a survey invite by email. For longer studies, participants receive surveys annually. We send surveys out every other month.

Who responded?

From January 2025 – January 2026, we sent 485 surveys and received responses from 153 participants. Below are some of the characteristics of the participants who returned the survey.

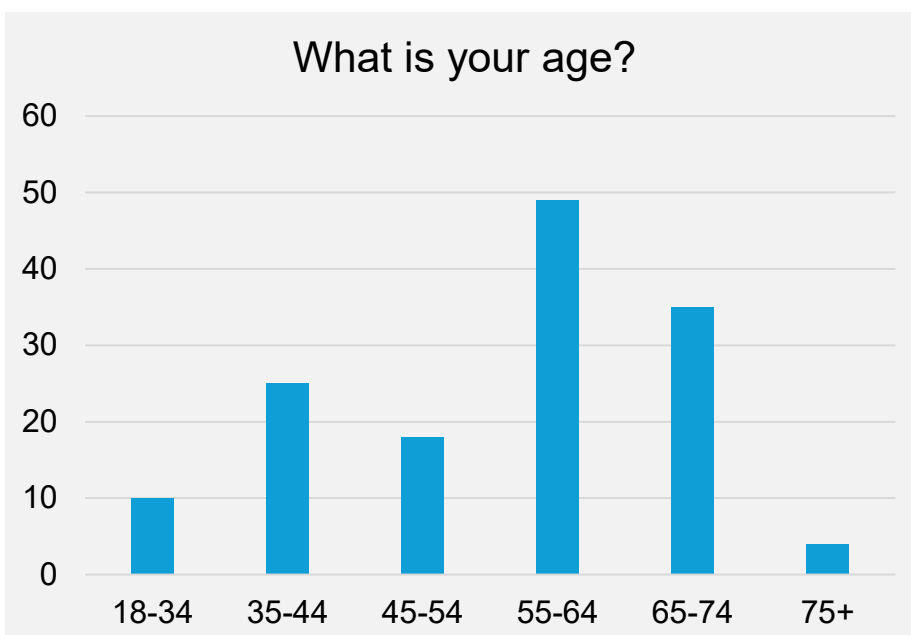

How much did the study demand of you?

65% Simple study

28% Moderate study

6% Intense study

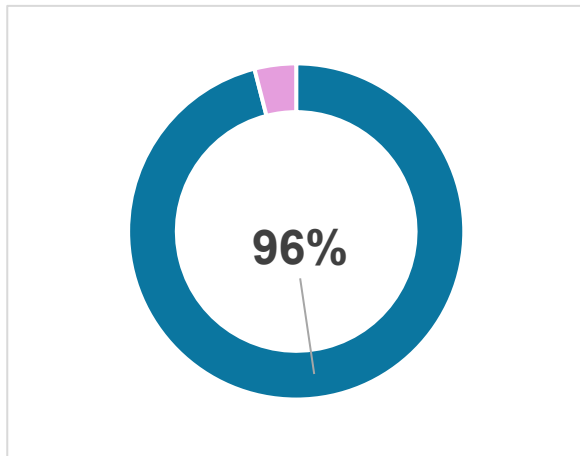

Did the study require that you have a disease or condition to qualify to enroll?

46% Study required a specific disease or condition to enroll

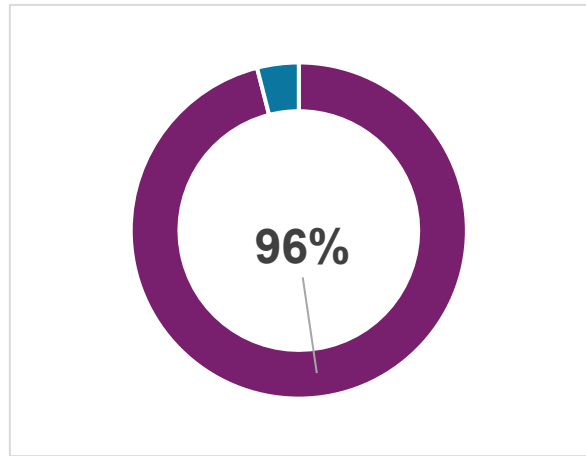

54% Study did not require a specific disease or condition to enroll

What did study participants say?

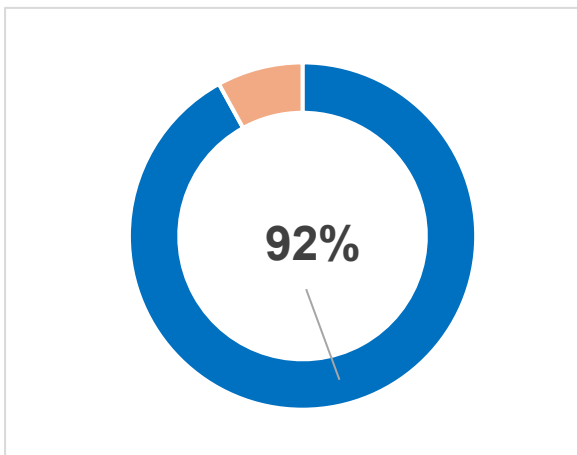

Felt like a valued partner

Participants always (83%) or usually (13%) felt like a valued partner in research

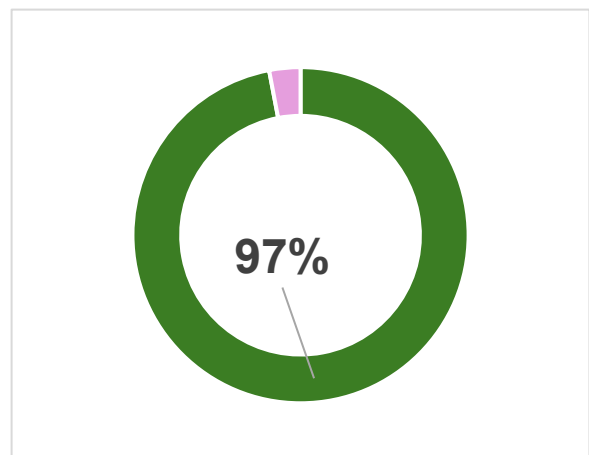

Would recommend joining?

Participants would definitely (75%) or probably (21%) recommend joining a study

Communication

Respondents were always (89%) or usually (8%) able to reach the study team when needed

Informed Consent

Informed consent prepared participants completely (74%) or mostly (18%) for participation in the study.

What else did participants say? 46% of participants who returned a survey included additional comments about their experience. Some praised staff, some described glitches in their visits and constructive suggestions for improvement.

“Working with Rockefeller University’s staff is always a great experience.”

“I greatly appreciate the excellent level of care (and communication) provided by the team.”

“Everyone that I have interacted with at Rockefeller University during the study has been a pleasure to meet. I only wish the rest of the world were like them.”

“Your studies are the best that I’ve participated in over the years.”

“The doctors, nurses and staff are wonderful!”

What’s next?

- Thank you to the research participants who took the time to tell us about your experience. We take your feedback to heart.
- If you receive an experience survey from Rockefeller, please tell us about your experience.
